

**“To support excellence in PE through promoting healthy active lifestyles and engaging in competitive activities”**

At High Green Primary School we believe PE & Sport plays an important role in making our vision statement a reality for every pupil, with the potential to change young people’s lives for the better.

We have welcomed the Government’s announcement in June 2013 to provide additional funding to improve provision of physical education (PE) and sport in primary schools. We have used this funding to join The Arches School Sports Partnership and increase the quality and quantity of provision provided during and after school. The funding is also being used for staff CPD, maintaining and extending resources in school and promoting healthy and active lifestyles.

Please see below for a breakdown of how we spent the Schools Sport Premium so far.
